

Rock Products' Annual Index for 1981 (Vol. 84)

A

Aggregate industry photo contest, Nov.	52
Aggregate plant design: The planned approach	
—Part VIII—Preparing a financial evaluation of the primary crusher subsystem, Feb.	62
Aggregate producer profile	
—George F. Pettinos Inc., July	50
—Mulzer Crushed Stone Co., July	44
—Wake Stone Corporation, July	54
Aggregates	
—Potash, volcanic products discussed at geology meeting, Oct.	70
Aggregates—plants	
—“Diffuser” solves baghouse problems at slate plant, Jan.	59
Agiline	
—MSHA, Agiline, Operations Day highlight NLI meeting, March	96
Aman Brothers	
—Good plant design aids rubble recycling, Feb.	46
American Aggregates Corp.	
—In-quarry crushing eliminates haul trucks, Jan.	54
—Quality limestone deposit found under sand & gravel, June	81
April	
—Cement for developing nations: The prospects & challenges	70
—Clinker silo stores 65,000 tons	63
—General Portland opens New Braunfels plant	142
—Irish Cement's Platin project replaces wet with efficient dry process	91
—Jim Lendrum talks about General Portland's new cement plant	84
—Lane Star Industries speaks for America	139
—Look near, look far	12
—Maintenance practices examined by roundtable, Part 2	53
—NSGA speakers reveal optimism in spite of a bad year	155
—Oil shale is integral part of German cement process	74
—Oklahoma Cement sticks with long, dry kiln	100
—Perfect cement plant, The	150
—Taiwan cement plant expands for the third time	144
A. Tetcher & Sons Aggregates	
—Fine-tuning of equipment increases rated production, Sept.	52
Atlantic Cement Inc.	
—Atlantic moves ahead into slag cement, June	94
August	
—Energy briefs	40
—Go away Mr. Watt. Please go away	13
—International Cement Seminar to focus on coal dust explosions, wet kiln operations	31
—Interview: Jim Williams, President of NLI	61
—1,000-tph ladder dredge mines land-locked pit	74
—Stockpiling & reclaiming with mobile equipment, Part 2	66

B

Bailey, R. B.	
—Kiln computer control saves fuel, prolongs refractory life, Nov.	56
Boeing energy control system, Nov.	56
Burris, C. S.	
—Atlantic moves ahead into slag cement, June	94
Buyer's guide, 1981, Jan.	85

C

Carolina Statlite	
—“Diffuser” solves baghouse problems at slate plant, Jan.	59
Cement	
—Cement for developing nations: The prospects & challenges, April	70
—Cement industry outlook is bright . . . and clouded, Jan.	127
—Clinker silo stores 65,000 tons, April	63
—IEEE reviews explosion/precalciner problems, July	58
—International Cement Review, April	110
—International Cement Seminar to focus on coal dust explosions, wet kiln operations, Aug.	31
—Interview: James E. Stewart, Chairman of the Board, Lone Star Industries, Nov.	65
—Kiln computer prolongs refractory life, Nov.	56
—Latest ideas capture cement producers' attention, Jan.	67
—Letter from India, A, June	100
—New cement industry developments in the People's Republic of China, July	6
—Oil shale is integral part of German cement processes, April	74
Cement—plants	
—Atlantic moves ahead into slag cement, June	94

—General Portland opens New Braunfels plant, April	142
—General Portland plant uses unique computer/handling/blending systems, June	61
—Irish Cement's Platin project replaces wet with efficient dry process, April	90
—Jim Lendrum talks about General Portland's new cement plant, April	84
—Oklahoma Cement sticks with long, dry kiln, April	100
—Perfect cement plant, The	150
—Taiwan cement plant expands for the third time, April	144
Cement seminar	
—International Cement Seminar to focus on coal dust explosions, wet kiln operations, Aug.	31
Chia Hsin Cement Corp.	
—Taiwan cement plant expands for the third time, April	144
China	
—New cement industry developments in the People's Republic of China, July	6
Clean Air Act is up for amendment, The, June	88
Clinker silo stores 65,000 tons, April	63
Coal dust	
—Coal dust explosion at Medusa Cement, The, July	60
Columbia Sand & Gravel	
—Complex deposit easily mined by tractor scrapers, May	77
Company philosophy limits plant size, Jan.	77
Complex deposit easily mined by tractor scrapers, May	77
Computer system controls sand & gravel production, Nov.	45
Con Agg Preview, Dec.	66
Con Expo	
—Sights & sounds of Con Expo '81, The, March	76
Convenient raw material leads to line plant opening, Oct.	54
Conveyor system moves 1-million-ton plus annually, Oct.	98
Crushed stone	
—Address by Bob McKeagney to NCSA Operations meetings, August, 1981, Nashville, Nov.	78
—Stockpiling & reclaiming with mobile equipment, July	36
—Stockpiling & reclaiming with mobile equipment, Part 2, Aug.	66
—Stockpiling & reclaiming, Part 3: Belt conveyors, Sept.	58
—Stockpiling & reclaiming, Part 4: Reclaim tunnels, Oct.	84
—We introduce a new series for stone producers, July	11
Crushed stone plant literally runs itself, Nov.	48
Crushed stone—plants	
—Aggregate producer profile: Mulzer Crushed Stone Co., July	44
—Aggregate producer profile: Wake Stone Corporation, July	54
—Dream plant designed for less labor, easy upkeep, May	53
—Expansion doubles capacity with no loss in production, Sept.	42
—In-quarry crushing eliminates haul trucks, Jan.	54
—Quality limestone deposit found under sand & gravel, June	81
—Sophisticated control panel runs Swords Creek plant, June	66

D

Dawson, Robert F.	
—Computer system controls sand & gravel production, Nov.	45
December	
—Con Agg Preview	66
—Forecast '82	42
—Interview with Fred Ullman	60
—NLA Operating Meeting hailed as “one of the best ever”	73
—Reactions to Watt	17
—Rock Products annual index	135
—Trade show in print	77
DeHais, Joseph A.	
—Onshore pressures make offshore mining viable, June	72
Delta Cement	
—“Diffuser” solves baghouse problems at slate house, Jan.	59
—Trading companies are coming, The, May	58
Do-it-yourself plant construction beats inflation, Jan.	133
Down to the sea in ships, May	12
Dream plant designed for less labor, easy upkeep, May	53
Dredging	
—Dredging solves material shortage problem, May	47
—1,000-tph ladder dredge mines land-locked pit, Aug.	74
—Onshore pressures make offshore mining viable, June	72
E	
Economics of producing aglime, The, Oct.	46
E. Dillon & Co.	
—Sophisticated control panel runs Swords Creek plant, June	66
Editorial comment	
—Cement Seminar's a comin', Oct.	15
—Down to the sea in ships, May	12

—Go away Mr. Watt. Please go away, Aug.	13
—Little humor (very little, I'm told), A, Nov.	17
—Looking backward, March	13
—Look near, look far, April	12
—New look, A, Sept.	15
—Opinions on productivity, Feb.	13
—Reactions to Watt, Dec.	17
—Some advice I'd give Mr. Reagan if he ever asked me, Jan.	13
—We introduce a new series for stone producers, July	11
—Who's being exploited?, June	13
Elmwood Quarry Inc.	
—Dream plant designed for less labor, easy upkeep, May	53
Energy	
—Energy briefs, Aug.	40
Environment	
—Clean Air Act is up for amendment, The, June	88
—Operations monitoring by simple aerial photography, May	69
—Second generation scrubbers help meet air standards, Feb.	58
—TERRA organized to present balanced environmental views, July	48
Excavating	
—Wheel loaders tops in excavating/loading survey, May	50
Expansion doubles capacity with no loss in production, Sept.	42
Extraction method mixes raw materials at bank, July	69
F	
February	
—Aggregate plant design: The planned approach, Part VIII	62
—Good plant design aids rubble recycling	46
—Opinions on productivity	13
—Recycling ideas boost aggregate plant efficiency	50
—Ripping solves extraction problems	54
—Second generation scrubbers help meet air standards, Feb.	58
Fine-tuning of equipment increases rated production, Sept.	52
Flatiron Service Co.	
—Niodel maintenance facility handles all types of repair, March	51
Flintkote Co.	
—Second generation scrubbers help meet air standards, Feb.	58
Forecast '82, Dec.	42
Forum on geology of industrial minerals, Oct.	70

G

Gardner, Gene P.	
—Cement industry outlook is bright . . . and clouded, Jan.	127
General Portland Inc.	
—General Portland opens New Braunfels plant, April	142
—General Portland plant uses unique computer/handling/blending systems, June	61
—Jim Lendrum talks about General Portland's new cement plant, April	84
George F. Pettinos Inc.	
—Aggregate producer profile: George F. Pettinos Inc., July	50
Go away Mr. Watt. Please go away, Aug.	13
Good plant design aids rubble recycling, Feb.	47
Guyette, Paul L.	
—Onshore pressures make offshore mining viable, June	72

H

Hammitt Gravel Co. Inc.	
—Do-it-yourself plant construction beats inflation, Jan.	133
Hardnose Harry, Nov.	17
Highlights of the NCSA meeting, March	89
Hilde Construction	
—Multi-screen plant rejects high volume of fines, Jan.	73
Holmes, John S.	
—Irish Cement's Platin project replaces wet with efficient dry process, April	91
Huge response marks Rock Products photo contest, Nov.	52
Huhta, Richard S.	
—Aggregate producer profile: Mulzer Crushed Stone Co., July	44
—Cement Seminar's a comin', Oct.	15
—Down to the sea in ships, May	12
—Go away Mr. Watt. Please go away, Aug.	13
—IEEE reviews explosion/precalciner problems, July	58
—International Cement Review, April	110
—Interview: James E. Stewart, Chairman of the Board, Lone Star Industries, Nov.	65
—Interview: Jim Williams, President of NLI, Aug.	61
—Interview with Fred Ullman, Dec.	60

—Latest ideas capture cement producer's attention, Jan.	67
—Little humor (very little, I'm told), A. Nov.	17
—Looking backward, March	13
—Look near, look far, April	12
—MSHA, Aglime, Operations Day highlight NLI meeting, March	96
—New look, A. Sept.	15
—Opinions on productivity, Feb.	13
—Reactions to Watt, Dec.	17
—Some advice I'd give Mr. Reagan if he ever asked me, Jan.	13
—Some things you should know about public relations, Sept.	66
—Trading companies are coming, The, May	58
—We introduce a new series for stone producers, July	11
—Who's being exploited?, June	13
Hydraulic shovel increases production, May	79
